
D2L CONTENT FOR ALL COURSES

NEW CONTRACT LANGUAGE

- Section 6.18.A.13

All faculty, even if they are not teaching a distance-delivered course, will post the syllabi for their courses to the college's learning management system (LMS) each semester.

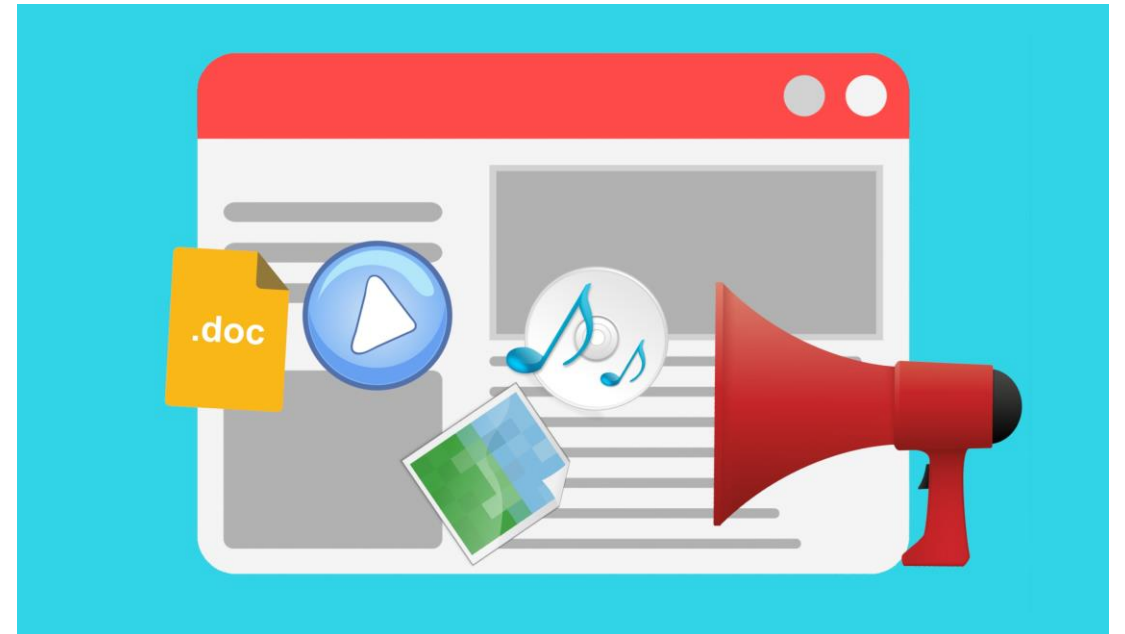

WHY POST CONTENT IN D2L FOR A TRADITIONAL CLASS?

- Share important course information to students for review at any time
 - Syllabus
- Eliminate the need to copy materials to hand out
- Use as a tool to prepare students for an upcoming class
 - Flipped classroom
- Resource for you to use during in-person class meetings

WHAT CONTENT SHOULD I POST IN D2L?

- You **MUST** post your syllabus
- Lots of other content ideas
 - Lecture notes
 - Objectives
 - Reading assignments
 - Links
 - Video/Audio
 - Announcements/Reminders

ADDING CONTENT IN D2L

- <https://youtube.com/playlist?list=PLxHabmZzFY6kW9sWzRny44iya0JrpFcDp>

- Overview of D2L
 - Navigating the course
 - Organizing content
 - Communication tools

How To Send Your Required Grades To Colleague

To submit your required 10th day, Midterm, Active Pursuit, and Final grades:

1. Go to Grades
2. Click the Export To SIS button
3. Choose the Grade Type you need to submit from the dropdown
4. Enter the required information in the Override Grade Column (USE UPPERCASE)
5. Check the box next to the student(s) you wish to export
6. Click the Export button

ORGANIZING CONTENT

- Add modules (and submodules) →
- Add content to the module (or submodule)

The screenshot shows a course management interface. On the left is a sidebar with a list of modules: 'Module 1 Content' (9), 'Module 1 Assignments' (8), 'Module 2: Cell Structure and Metabolism' (23), 'Module 3: Genetics Begins September 30' (31), and 'Module 4: Evolution and Ecology Begins November 4' (16). The main content area shows 'Module 1 Content' selected. A blue box highlights the 'Upload / Create' button, which has a dropdown menu open. The menu options are: 'Upload Files', 'Video or Audio', 'Create a File', 'Create a Link', 'Add from Manage Files', and 'Add Object from LOR'. A blue arrow points from the second bullet point in the text above to the 'Upload / Create' button.

The screenshot shows a course management interface. On the left is a sidebar with a list of modules: 'Module 2: Cell Structure and Metabolism' (23), 'Module 3: Genetics Begins September 30' (31), 'Module 4: Evolution and Ecology Begins November 4' (16), 'Comprehensive Final' (2), 'Final Project' (2), and 'Mastering Launch (Instructor Only!)' (1) with a 'Hidden' icon. The main content area shows 'Add a sub-module...' in a light blue box. A blue box highlights the 'Add a module...' button at the bottom of the sidebar. A blue arrow points from the first bullet point in the text above to the 'Add a sub-module...' button.

Optional working session

Jamie Welling posted on Mar 3, 2021 9:50 AM

Hi everyone

As I mentioned on Monday, I will host an optional working session after the exam today so people can work on their genetic problems homework with me available to help. This will be in the virtual classroom session for today and will start at 1pm. Again, this is optional and otherwise, we will not meet for class today and you are only required to log on and take exam II.

Take care

Mr. Welling
