Cengage Unlimited

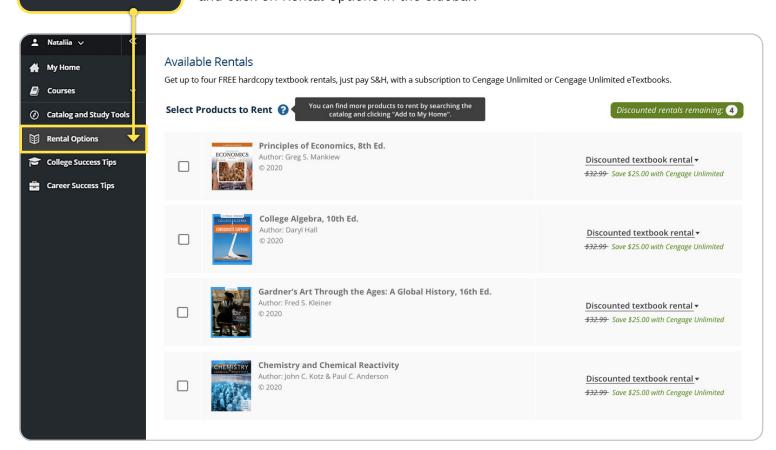

12-month student access **8 free rentals**

Cengage Unlimited

24-month student access
16 free rentals

Rental Options

To explore what's available for rent, students can add eTextbooks to their dashboard and click on Rental Options in the sidebar:

Students can keep their rental(s) until the end of their Cengage Unlimited plan. Exception: Students who purchase 24-month access can keep their rentals for up to one year.

Through Rental Options, students who have purchased a Cengage Unlimited plan can rent additional textbooks on top of the free rentals, and students who have not can rent textbooks at the standard cengage.com price.

Under Rental Options, students who have purchased a Cengage Unlimited plan can easily:

- View the rental history
- · See projected rental return due dates
- · Extend or buy out an active rental

When does the rental start date begin?

• All Cengage rentals have start dates set after Cengage ships the product.

How much does it cost to buy or extend an active hardcopy rental?

- **To BUY:** Cost is textbook list price minus any money spent on the rental to-date. Shipping and handling fees are excluded.
- **To EXTEND:** Cost is a prorated amount of the textbook list price based on the duration the student selects.

How do students return hardcopy rentals?

- 1. Go to the Rental Options page on the Cengage student dashboard
- 2. Select "Return Rental" for the product you would like to return
- 3. Print the prepaid shipping label
- 4. Seal the book in the packaging it came in or in a comparably sized container
- 5. Adhere the shipping label and drop off the box at your nearest UPS drop-off location

We will process your return and update its status once the book has been received at our warehouse. If you have any issues during the process, please contact our <u>customer support</u> team for assistance.
